

“THE HUNTSMAN”

2004 HOMOZYGOUS BLACK AND WHITE APHA STALLION

THE HUNSTMAN

Hunter is a 2004 APHA registered black & white homozygous Tobiano stallion that stands at about 15.3 hands.

We are very excited about this new boy.

Hunter is very well mannered, you would almost think he was a gelding. He is a proven producer of quality foals with very calm dispositions, beautiful movement and great conformation.

Hunter comes from proven jumping stock and has full siblings winning in the Hunter and Jumper ring! It's no wonder with a pedigree containing such greats as Dixie War Drum, Secretariat, Bold Ruler, War Admiral and Man O'War twice as well as AQHA Hall Of Fame sires Depth Charge, Poco Bueano, King and Peter McCue!

Hunter is sure to be one of the top sires of pleasure, hunter jumper and sport horses with the added bonus of COLOR - 100% of the time!

Hunter has had over 25 colored foals already in his young life
